TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Francestown in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Frances-town on Tuesday, the eighth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to adopt the budget as submitted by the Selectmen, or make any alterations in the same and raise and appropriate a sufficient sum of money to finance the same as finally adopted.
3. To see if the Town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) to be placed in the Capital Reserve Fund for future fire truck replacement, or take any action relating thereto.
4. To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) to be placed in the Capital Reserve Fund for future highway equipment, or take any action relating thereto.
5. To see if the Town will vote to raise and appropriate the sum of one thousand five hundred dollars (\$1,500.00) to be placed in the Capital Reserve Fund for town buildings, or take any action relating thereto.
6. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) to be placed in the Capital Reserve account for purchase of a new Cemetery.
7. To see if the Town will vote to raise and appropriate the sum of six hundred dollars (\$600.00) for waterproofing the front basement walls of the Bixby Memorial Library, or take any action relating thereto.
8. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the removal of diseased or condemned trees, complying in so far as possible with Chapter 135 of the Acts of the General Court, 1959.

9. To see if the Town will vote to authorize the Selectmen to appoint a Committee of three (3) to review the Zoning Ordinance as amended.

10. To see if the Town will vote to require a minimum of three bids from responsible parties for any expenditure involving an amount of fifty dollars (\$50.00) dollars or more. The results of such bids are to be posted in one or more public places in Francestown. The conditions in this article to be in force until rescinded.

11. To see if the Town will vote to hold the business meeting of the next Annual Town Meeting at seven-thirty (7:30) P.M.

12. To see if the Town will vote to authorize the Selectman to borrow a sufficient sum of money to pay current expenses in anticipation of taxes, or take any action relating thereto.

13. To see if the Town will vote to have the State of New Hampshire Municipal Auditing Division audit the Town books, or take any action relating thereto.

14. To hear the reports of Agents, Auditors, and Committees heretofore chosen and take action on same.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this fifth day of February, in the year of our Lord nineteen hundred and sixty.

ARNOLD K. ELLSWORTH
FREDERICK H. THOMPSON
GEORGE E. KUNHARDT, JR.
Selectmen of Francestown

A true copy of Warrant—Attest:

ARNOLD K. ELLSWORTH
FREDERICK H. THOMPSON
GEORGE E. KUNHARDT, JR.
Selectmen of Francestown

SYNOPSIS OF ANNUAL TOWN MEETING

March 10, 1959

Art. 2. Voted amended budget:	
Town Officers' Salaries	\$1,800 00

Memorial Day & Vet. Association	25 00
Cemeteries	300 00
Interest on Temporary Loans	250 00
Interest on Long Term notes & bonds	15 00
Payment on Principal of long term notes	500 00

Art 3. Voted to raise and appropriate the sum of two hundred (\$200.00) dollars, to be placed in the Capital Reserve Fund for future Fire Truck replacement.

Art. 4. Voted to raise and appropriate the sum of one thousand (\$1,000.00) dollars to be placed in the Capital Reserve Fund for future highway equipment.

Art. 5. Voted to indefinitely postpone action on this Article.

Art. 6.—Voted to instruct the Selectmen to reserve from all available Summer Highway Funds, not less than one thousand five hundred (\$1,500.00) dollars for road maintenance after September 1, inasmuch as they are responsible for the expenditure of money and the discharge of duties of the Highway Agent under the Rev. Laws of the State of New Hampshire, Chap. 96, Sec. 9.

Art. 7. Voted to raise and appropriate the sum of one hundred and four (\$104.00) dollars to the Monadnock Region Association for issuance and distribution of printed matter, newspaper and magazine advertising.

Art. 8. Voted to amend the present Zoning Ordinance by inserting the following paragraph 6 A:

“Within said zones no person or persons shall display or cause to be displayed advertising signs or billboards except those offering real property for sale or rent, or those advertising an owner’s or tenants’ business venture.”

Art. 9. Voted to raise and appropriate the sum of eight hundred (\$800.00) dollars to reshingle and repair the roof of the Fire House.

Art. 10. Voted to change the hours of the business meeting of the Annual Town Meeting from 1 P. M. to 7:30 P. M.

Art. 11. Voted to have the Selectmen post all property bought for taxes thirty (30) days after such purchase, until rescinded.

Art. 12. This article defeated.

Art. 13. Voted to have the Town Advisory Committee survey the Town Hall and report at the next Town Meeting relative to necessary repairs and recommended alterations to the building for the most efficient use thereof.

Art. 14. Voted that the care of this road (King Hill Road) be referred to the Road Agent for repair.

Art. 15. Voted that the Selectmen be authorized to expend from the Capital reserve fund for Town Buildings the money required to provide toilet facilities in the library.

Art. 16. Voted to authorize the Selectmen to borrow a sufficient sum of money to pay current expenses in anticipation of taxes.

Art. 17. Voted to have the State of New Hampshire Municipal Auditing Division audit the Town Books.

Art. 18. Voted to accept the reports of Agents, Auditors, and Committees as printed.

Art. 19. Voted to enact a resolution as follows:

Resolved: That we encourage moves made by several small Towns to study the costs and services of county Government in this state, and where possible, to seek to merge county services with state services.

HERMAN C. MILLER
Town Clerk

REPORT OF HIGHWAY AGENT

TO THE TOWNSPEOPLE OF FRANCESTOWN:

I would like to submit a brief report to you, as taxpayers, on the highway work accomplished this past year.

There were 8 culverts put in 4 new ones and 4 replacements for old stone culverts.

There is a total of 15 wooden bridges in town. Two of these were completely rebuilt, besides replacing broken plank in other ones.

Approximately 2000 yards of gravel were put out in mud holes and other places where it was needed.

Brush, trees and overhead limbs were cut on 90% of the roads.

Over 2 miles of black road were resurfaced and 60 yards of cold patch was mixed and stockpiled for this year's use.

General maintenance was kept up throughout the year and practically all roads were widened where possible.

The only major road damage, due to heavy fall rains, was the mountain road to the big house at Hob & Nob farm. The culverts there are just not big enough to take a heavy flow of water.

The TRA money was spent on Lord & Jones road, adding another mile to the black road system. My thanks to Harold Eaton of the State Highway Department, the Selectmen and all the property owners for their complete cooperation on the project. There is an unexpended balance which will be applied to next year's program.

Farnum's Hill was resurfaced and black topped using the town grader to do the work.

A new sander and road rake were purchased with money from the Capital Reserve Fund. A chain saw and misc. tools, shovels, etc., were bought with summer highway money.

A new program of cutting roadside trees, within the Town's right of way has been approved by the Selectmen. The triple purpose of this is to eliminate trees dangerous to equipment and vehicles, stockpile firewood for town buildings and gain a supply of culvert posts.

The above items were all done and many more within the Summer Highway appropriation and also resulted in a surplus to the town.

I'd like to thank the Selectmen and everyone else, who worked on the roads, for their consideration this past year.

Respectfully submitted,

ROYAL S. CLEAVES, JR.

FRANCESTOWN FIRE DEPARTMENT

Board of Selectmen
Francestown, N. H.

The Fire Department hereby submits their report and financial statement for 1959, together with their budget for 1960.

Year after year we have reported no fires in structures and the count has now reached FOUR full years with no building fires. The Department again congratulates the people of Frances-town for their strict observance of the rule, "Don't give Fire a place to start."

Again as in past years, with the use of Federal Surplus supplies and the usual generous donation by the Volunteer Fire Company, we have been able to secure a second Scott Air Pack, protective clothing for the men, and many small items.

The trucks and equipment, we now believe, equal or better that of towns of similar size, and we lack only Foam and Foam Applicators. These we hope to add in the near future.

In addition to the Town appropriation for re-shingling the fire station roof, the Fire Company, through donated labor, made minor repairs to the building; but its size and poor structural condition continue to be unsatisfactory. We are now obliged to de-commission a Tank Truck each Fall as freezing weather arrives. The loss of use of one "Tanker" (nearly 50% of our water carrying capacity) during the winter, could prove costly in the event of a major fire

We call attention to the 1960 budget which, despite an item for water hole construction and repairs, is lower than in 1959. The budget requests each year appear to be no higher and in some instances lower than comparable towns.

HAROLD VARNUM
CLIFTON FOOTE
WALTER CREIGHTON
NORMAN STEWART
PAUL BRADBURY

REPORT OF LIBRARY TRUSTEES GEORGE HOLMES BIXBY MEMORIAL LIBRARY, 1959

The year's activities began with the National Library Week in April when the Colburn store and Vadney's store were kind enough to let the Library use their windows for displays of books illustrating the theme of "Wake up and Read." A story-hour was held to which the five-year old children were invited. Creative activities, stories read by Mrs. Starrett, and music were enjoyed.

On July 11th at an auction for the benefit of the Library, many articles generously donated were auctioned off by Rev. Rice, Mr. Woodworth and Mr. Fuller. Much gratitude is expressed to all for the support of this profitable activity.

The Library is happy to announce that a record collection has been established thanks to the generous gift of records from Mrs. Noyes and Mr. and Mrs. Henry Hill. To acquaint the

Town with this new service, an informal evening of music was held on October 6th. The "Suffragettes," a Labor Day parade entry, kindly donated their prize-money for purchasing new records. The Warren G. Hills and the Hallett Langs are others who have helped to form this collection.

The Village Improvement Society generously donated the proceeds from chances sold on the Labor Day Doll given by the E. B. Hill family and to which the Society added a sum of money as well. The Library appreciated this gift.

This Fall, the Early American Tray Painting Class, under the direction of Mrs. Ruth Douglass, again met in the Historical Rooms on Tuesday mornings.

Some improvements have been made and new equipment added. There is a handsome dictionary stand, which also holds other reference books, in the reading room. In the attic are new shelves to take care of older books occasionally needed. Some additional filing equipment has been purchased, and three dampers have been installed in the downstairs fireplaces in order to reduce loss of heat and prevent drafts.

The Library would like to thank the many people who contribute so much particularly Mr. Henry B. Hill who is recataloguing the entire library and Prof. E. B. Hill who is assisting him; Mr. Arnold Ellsworth for donating his services as janitor and building a duck-board; and Miss Judy Cutter for mowing the lawns.

The Library is most appreciative of the new rest room which the Town put in an ideal location on the first floor.

The damp condition of the basement rooms, caused by water seeping through the walls at the front of the building, is damaging to the Library and mold forms on some of the books. We have had an architect survey this situation and now have a plan whereby the walls can be waterproofed and the rooms put to use.

We would like to make one room (under the reading room) available for such groups as the tray-painting class, the Village Improvement Society and the Scouts. We would like to make it a place for creative activity for children and adults. The other room could be used to good advantage for storage by the Village Improvement Society, the Library, the Historical Society, and other community groups.

Respectfully submitted,

PRISCILLA H. KUNHARDT
HENRY B. HILL
MARIE E. MUZZEY

REPORT OF LIBRARIAN, 1959

Circulation of books and magazines:

Fiction	1,941
Non-fiction	2,132
Juvenile	3,274
<hr/>	
Total books	7,347
Magazines	1,140
<hr/>	
Total circulation	8,487

Magazines subscribed to by the Library:

American Girl, Better Homes and Gardens, Good Housekeeping, Ladies' Home Journal, Readers' Digest, Popular Science, Popular Mechanics, Saturday Evening Post, Life, Time, National Geographic, Yankee, Antiques, Horn Book, Audubon, Natural History, Jack and Jill.

Gift subscriptions:

Our Dumb Animals—Mrs. Harvey Packer; N. H. Profiles—Mrs. Lucy Holt Andolina.

Other magazines and books have been given by the following persons:

Mrs. E. F. Steffian, Misses McKinlay and Hall, Mrs. C. F. Knudson, Richard Moulton, I. S. Kibrick, Mrs. Susan Wason, Donn Purvis, Mrs. C. W. Dodge, Donald Wright, Mrs. W. R. Hamel, George A. Smith, F. W. Bowman, Mrs. Marion Kahle, Mrs. David Howell, Miss Isabella Hirst, Mrs. A. B. Bailey, Mrs. R. S. Williams, Alfred Gray, Betty and Norman Stewart, Oscar Starrett, H. L. Wiggin, H. B. Hill.

From the Bookmobile we borrowed 202 books; from the State and other libraries we borrowed 170 books.

Memorial books have been given by Mr. and Mrs. Max Koetter, Mrs. Fred Brown of Connecticut, and Mrs. Susan Wason in memory of the late Mrs. Dell Bixby and Lew Cummings. Goerge Alan Smith presented a copy of his "Introduction to Mountain Climbing"; a book on the paintings of Winslow Homer was provided by special funds from Miss Ann Pettee and Mrs. Elizabeth Montgomery. Mrs. David Howell again gave \$15 for books, and the special fund for colonial and fine arts was increased by \$30 by a Friend of the Library. The discovery of more stenciled walls in town (at D. A. Pettee's and the Crombie House) has led to increased use of this collection which also takes care of the needs of the Craft Class and of many individual interests in art, crafts and collecting. "Fire on the Hearth" contains photographs of soapstone stoves now in Franchestown homes.

Much of the extra money we have had for books this year has made it possible to cooperate more usefully with the school television programs in science and literature; supplementary reading was also provided for the social sciences. Mrs. Harold C. Case gave an illustrated unit of material on Africa, a subject to which she has been giving a great deal of her time. UNESCO and the National Council of Women sponsored her recent trip to Africa for further study.

An antique flatiron was given by Gregory Robinson, and a piece of Stoddard glass was lent by Miss Anne Kenyon of Rhode Island. A relief globe was provided for the Children's Room by another Friend of the Library. A much needed table was also given this room by Rev. and Mrs. Kershaw.

Many additions have been made to the nature shelves by adults and children, including a spider that was supposed to weave an orb web for the weaving exhibit but made an egg case instead. The Baltimore Oriole, brought by James Varnum and stuffed by Mrs. John Bean, was borrowed by the school children when studying Maryland. Many other things were borrowed for the science classes. Mr. Bean has made several special tours of the Historical Rooms with the children and introduced them to the use of the card files.

The voluntary reading which many of the children did in connection with other countries led to their names being pinned to a map of the world, showing what nations they had visited, and foreign dolls were collected. Miss Evelyn Vadney made several; John Bean lent some of the Kachina images he had made in the West; other dolls were lent by Mrs. George Foster of Greenfield, Ellen Kershaw, Mrs. W. R. Hamel, Mrs. W. A. Lord, representing China, Hawaii, Scotland, Burma, Italy, Greece, India, France and Switzerland.

Preceding Library Week the Librarian gave a Zip Trip talk to the Grammar School, running through the history of the book, with a stop-over at the period of Illuminated Manuscripts with beautiful examples borrowed from the Manchester Library, including a reproduction of the "Book of Kells", one of the most famous books of the mediaeval period.

For Book Week we had an attractive display of books from the Marshall Jones Co. and the Golden Quill Press, publishing concerns owned by Clarence Farrar who added generously to the celebration by inviting Mr. Bean and the grammar grades to visit his workshop where he explained the making and putting together of books.

Mrs. Nellie Abbott and her 4-H Club arranged a special exhibit of material relating to their activities. There have been many other displays during the year, winding up with an exhibit of reproductions of famous paintings borrowed from the State Department of Education through the influence of Dr.

Alice Baumgarner, Director of Arts Education, who spoke here at the P. T. A.

A special group of antique-minded women from the Reading, Mass. Woman's Club came to tour the Library and Historical Rooms with Mrs. Louis Davis, a member of the Club. Descendants of former townspeople came from Maine and Colorado to look up information about their ancestors. An author from Maryland and an advanced student from Pennsylvania State University have asked for the privilege of researching here in connection with the lives of Dr. Clarence Roote and Vice-President Levi Woodbury. This work has not yet been done. If anyone has material relating to these men the Library would be glad to borrow it.

During the year the Library was represented at several State meetings. The annual Vermont-N. H. Library meeting at Hanover in June was attended by Mrs. Marie Muzzey and the Librarian. Next day the Librarian went to the Conference on Educational Television at Durham, celebrating the opening of Channel 11, U.N.H., and in October she attended the Governor's Conference on Childhood and Youth at Concord.

Judith Colburn is the eighth-grade assistant for the current year. As usual, the school children assist with checking out books on Wednesday afternoons; this is a much appreciated service. The Trustees also help the younger children to select books, an activity initiated two years ago by Mrs. Wiederhold.

Since the Librarian is sharing reports this year with the Trustees, money items are omitted except for special gifts, and an accounting of activities which were especially in the hands of the Trustees whose constant services in many unrecorded ways have been an inspiration. Did you notice the newly planted lawn and the flowering crab apple tree which replaced the wreckage of the previous winter? And the bicycle rack which cost nothing for labor? The Library is indebted to many persons every year for unpaid services and gifts.

Respectfully submitted,

CAROLINE M. LORD
Librarian

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire**

SUMMARY OF FINDINGS AND RECOMMENDATIONS

January 12, 1960

BOARD OF SELECTMEN:
FRANCESTOWN, NEW HAMPSHIRE

GENTLEMEN:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Francestown for the fiscal year ended December 31, 1959, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer, Cemetery Commission, Fire Department and Trustees of Trust Funds.

Financial Statements

**Comparative Balance Sheets: Dec. 31, 1958-Dec. 31, 1959
(Exhibit A-1)**

Comparative Balance Sheets as of Dec. 31, 1958 and Dec. 31, 1959, are presented in Exhibit A-1. As indicated therein the Surplus increased by \$3,296.54 during the year of 1959.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors caused the change indicated therein. These were as follows:

Increase in Surplus

Net Budget Surplus	\$2,796 54
Long Term Notes Paid	500 00
	<hr/> \$3,296 54

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended Dec. 31, 1959, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$807.83

plus a net unexpended balance of appropriations of \$1,988.71, resulted in a net budget surplus of \$2,796.54.

Summary Statement of Receipts and Expenditures: (Exhibits B-1)

A summary statement of receipts and expenditures for the fiscal year ended Dec. 31, 1959, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of Dec. 31, 1959, is indicated in Exhibit B-2.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

General Comments

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased from \$4,313.75 to \$7,110.29 during 1959, as shown herewith. Inasmuch as there were no outstanding long term notes or bonds as of Dec. 31, 1959, the Surplus of \$7,110.29, as indicated in the Balance Sheet (Exhibit A-1) was entirely current.

	Dec. 31, '58	Dec. 31, '59
Total Assets	\$24,459 62	\$28,917 80
Current Liabilities	20,145 87	21,807 51
Current Surplus	\$4,313 75	\$7,110 29

Monthly Totals in Selectmen's Record of Expenditures:

It is again noted that the Selectmen's record of expenditures book had not been totalled during the fiscal year. It is important that this be done **at least monthly** in order that comparison may be made between appropriations and expenditures and control over appropriations thereby exercised. The aggregate amount of the classification column totals on each page should agree with the aggregate amount of the "Total Amount Paid" column.

Tax Collector's Cash Book:

The Tax Collector's Cash Book should be totalled and kept up to date at all times.

CONCLUSION:

The provisions of Chapter 184 of the Laws of 1955, require that the summary of finding and recommendations (letter of transmittal) of this report shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Frances-town for their assistance during the course of the audit.

Yours very truly,
HAROLD G. FOWLER
Director

Division of Municipal Accounting
State Tax Commission

NORVAL D. LESSELS, Auditor
HUGH J. CASSIDY, Accountant

January 12, 1960

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Frances-town for the fiscal year ended December 31, 1959. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town on December 31, 1959, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,
HAROLD G. FOWLER
Director

Division of Municipal Accounting
State Tax Commission

Norval D. Lessels, Auditor
Hugh J. Cassidy, Accountant

REPORT OF VILLAGE IMPROVEMENT SOCIETY

The Francestown Village Improvement Society started the summer by entering a float in the Greenfield 4th of July Whing Ding parade.

During the year money was appropriated to buy uniforms and hard hats for the Little League. The diving board on the Scobie Pond raft was repaired and arrangements made to refurbish the raft during the winter. A Francestown boy was sent to Boys' State. Money was donated to the library, also to the Community Christmas party. The lighting of the outdoor Christmas tree is also under the direction of The Improvement Society.

The Labor Day celebration was a huge success. Again this year the parade co-chairmen, the O. P. Harwoods and the Leroy Hills did a wonderful job. The auction, a new attraction, under the direction of Mr. Gregory Robinson, drew a large crowd and financially was most successful.

As always the success and enjoyment of Labor Day is due to the interest and hard work of every Francestown resident. The Society is sincerely appreciative of this and will continue to welcome all residents and interested friends to the meetings.

LOIS S. MACADAM, President
LOUIS WIEDERHOLD, Vice President
ELIZABETH FOOTE, Secretary
ROBERT CUTTER, Treasurer

REPORT OF THE TOWN HISTORY COMMITTEE

BOARD OF SELECTMEN:
Francestown, N. H.

I hereby submit the report of the financial condition of The Town History Committee for the year 1959.

All funds are now on deposit in Saving Department of the Merchants Bank of Manchester, N. H. Book No. 58758 total including interest to date \$267.62.

PAUL T. BRADBURY, Treasurer
Town History Committee

REPORT OF THE ADVISORY COMMITTEE

A five-member Advisory Committee was appointed by the Selectmen, as a result of a vote of the last town meeting. This Committee was to assist the Selectmen in an advisory capacity on town business.

The following is a list of projects submitted to the advisory committee by the Selectmen.

1. To Survey the Town Hall with respect to utilizing the building in a manner that would benefit the Town.

2. To inspect the Fire House roof and recommend action to be taken in the way of repair.

3. To recommend a procedure in the method of printing the Town Property Invoices of 1959.

4. To advise in the subject of granting permits for the installation of new driveways.

5. To recommend action to be taken on the weather vane on the Meeting House.

The following is a report of the proceedings of the projects listed for action:

1. **Survey of the Town Hall:** The Committee has the opinion that the Town Hall has unlimited possibilities in uses; and that the Town would benefit in putting money into the building, and making it universal for town functions. The basement could house all fire equipment. Town offices could be installed; the kitchen should be modernized; and, with the proper heating system, the building could be used year round with low-operating costs. It is, therefore, recommended that the town vote to appoint a committee with the authority to thoroughly investigate the cost of excavating the basement for a Fire House; installing a heating system; installing town offices; and modernizing the kitchen; improving the toilet facilities; and incorporating any other improvements necessary to prepare the building for a more general use. This Committee should report with a program and costs at a future date.

2. **Fire House Roof**—The Advisory Committee inspected the Fire House roof, and was of the opinion that the condition of the roof was satisfactory enough to apply new shingles over the old. The Committee, at the request of the Selectmen, wrote and furnished a specification on roofing. As a result of this project, the Committee strongly suggests that, on future town business, the Town establish a definite business-like procedure for the Selectmen, to be upheld on all such projects. This procedure should dictate more advantageous times of the year for releasing Town work, for requesting bids, for awarding bids, and for a thorough inspection before paying for work done.

3. **Printing of Invoices of Town Property**—The Com-

mittee was asked to recommend a procedure for the printing of Invoices of Property for the year 1959. The recommendation was that the listing be printed in the back of the Town Report. This was the most economical procedure.

4. Permits for Driveways—The Committee was asked to advise if the practice of Granting Permits for installing driveways should become a town practice. The Committee confirmed the fact that, driveways entering on State Roads are under State jurisdiction. It was suggested that the Town Road Agent supervise, inspect, and approve all new driveways entering on Town roads; thereby eliminating the need for permits.

5. Weathervane on Meeting House—The Committee was asked to advise the Selectmen on a course of action concerning the Weathervane. It was determined that the apparent condition of the Weathervane was a possible hazard, and it should be removed permanently. This still left the possibility of future repair and re-installation, if the Town so voted. The Committee furnished the Selectmen with a Contractor's name, and a reasonable estimate for the removal of the hazard. To this date, no conclusive action has been taken. Another strong recommendation is made, that the townspeople vote and guide the Selectmen in this difficult decision.

6. Library Toilet Facilities—This Committee was not requested to assist in this matter until late in the year, and after the project had been debated at lengths by various parties concerned. Originally, an architect was employed to draw up plans for a toilet and lavatory in the cellar behind the furnace. These plans were found to be inadequate, and did not conform to plumbing codes or standard practices. These blueprints were disregarded. It was then learned that plans were underway to replace the toilet at the site of the old toilet in the south room of the cellar. As this proposed location was impractical from so many standpoints, this committee voiced an official protest against it. Late in September, the Chairman of the Board of Selectmen arranged a meeting with this committee and the Library committee, at which time the present location of the facilities was selected. This Committee then drew up and printed a very thorough proposal and furnished the Selectmen a sufficient number of copies to be mailed to plumbing contractors. The results of these bids and the contract awards were published in the Post Office. Once more the need for a definite procedure for such work is evident. The practice of the Selectmen releasing public work in a questionable manner, and at a time of year when such work will cost the Town more money, should be corrected.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the School district in the town of
Francestown qualified to vote in district affairs:**

You are hereby notified to meet at the Town Hall in said district on the 4th day of March 1960, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Given under our hands at said Francestown this 27th day of January 1960.

SUPERINTENDENT'S REPORT

To The School Board and Citizens of Francestown:

I respectfully submit my third annual report as your Superintendent of Schools.

STAFF AND INSTRUCTION

The Francestown Public School opened this Fall with two changes in staff. Mr. John Bean, Jr., continued as Principal and teacher of grades five through eight. Mrs. Grace W. Rainey from Francestown was elected as teacher of grades three and four. Mrs. Rainey is a graduate of Keene Teachers College, with some thirty-two years of teaching experience in rural schools in New Boston, Goffstown and in Francestown in 1943, and since 1945 a grade teacher at the Central School in New Boston. We feel that Mrs. Rainey's training and experience has, during this year, added greatly to the level of instruction taking place in the third and fourth grade room. Mrs. Eleanor Geel of Jonesboro, Maine was elected to teach in the first and second grade room. Mrs. Geel is a graduate of the Washington State Normal School at Machias, Maine and one who has had teaching experience at the Beals Primary School in Beals, Maine and at the Lambert Lake School also in Maine. Mrs. Geel came to us very highly recommended with training and experience in teaching at the primary grade level. Miss Ethelyn Edwards continues as teacher and Supervisor of Music. Mrs. Florence Merchant of Greenfield was elected as School Nurse upon the announcement of retirement by Miss Sybil Beatham. Dr. Louis Wiederhold continues as School Doctor and Mrs. C. Gladys St. John as School Lunch Manager.

The constant struggle to find good teachers, interested in teaching in small communities, and also interested in teaching in multiple graded rooms was attacked this past year from a little bit different point of view and ultimately led to the hiring of one of our present teachers. Since all avenues onto which we turned to find capable teachers did not materialize, an advertisement for qualified people was placed in some nine newspapers in New Hampshire and Maine. As a result of this advertising, many well qualified, interested and trained candidates were uncovered, and through a very careful process of sifting some sixty to seventy responses to the advertisements, teachers were ultimately selected not only for a vacancy in Francestown, but also in other towns in the Union. This process has added considerable encouragement to the almost yearly process of fruitless search for well qualified teachers for our children. It is hoped that if vacancies develop in the future, this method can continue to be used with similar success.

With the addition of two new teachers to our staff, a fair

portion of the year up to this point has concerned itself with the making of teacher and pupil adjustments tending to result in higher levels of educational achievement. At this point, it can honestly be stated, that a satisfactory level of instruction has been reached and is being improved each and every day. Instruction in the upper grade has been experiencing the greatest difficulty in making satisfactory progress, due to the fact that the four grades in this room have been the gainers of most of our new pupils. At the present time, there are thirty-four children in this room, making Mr. Bean's task an extremely difficult one. It has been impossible to move the fifth grade to the middle room because of the fact that there are fourteen children in this group and their movement would cause an excessive number of youngsters in the middle room. This class of fourteen portends the kind of financial problem that Francetown will face when these youngsters reach the High School level.

A discussion which was related to you in last year's report on the use of Educational Television became a reality during the latter part of the past school year through the gift of a television set by the local Parent Teacher Association. This instrument has affected the educational and instructional level of children of the community. At the present time, Francetown Schools have joined with the New Hampshire Television outlet, Channel 11, actively, and are using presentations of that station for the strengthening and supplementing of instruction. Instruction in Science at the third, fifth and sixth grade levels has enlarged and expanded our offerings. After several weeks of school had passed and Mrs. Rainey felt more accustomed to the routine of the Francetown School, she offered to participate in the third and fourth grade Conversational French Program being offered by Channel 11. In spite of the fact that participation did not start for some six weeks after the start of the course, interest on the part of Mrs. Rainey and the children has resulted in very satisfactory progress. Enough progress was made so that at the Christmas Program recently presented, a little Christmas sketch was offered in French by the members of this group. Mrs. Rainey is to be highly complimented for embarking on a program of this sort in a new school and with a background in French which she admits is seriously limited, but because of her efforts, the children of Francetown are measurably benefiting. It is expected that before this report appears in print, the middle room of the school will also be participating in a brand new offering of Channel 11, a course on New Hampshire History. This area is a part of the fourth grade Social Studies Program which has been difficult to cover because of limited materials.

BUILDING AND GROUNDS

The many years of effort and financing that have gone into improvement of the grounds in the rear of the school are finally

beginning to bear fruit. During this past school year all the forces of the weather up to this time show no marked effect on the recent filling in of the playground and begin to make feasible the further improvement of the grounds into a satisfactory play area. It is hoped this area will eventually include a basketball court and an area suited for soft ball play. The School Board has included in its budget under Item 21, \$500.00 for grading and landscape work to be done in this area and thus continue the program which was started many years ago.

As a result of action taken at the last School District meeting, the emergency fire exit from the middle room was installed and now makes possible another means of egress from the building and adds greatly to the safety of our children while at school.

Upon the resignation of Mrs. C. Gladys St. John as School Custodian last year, Mr. Howard Kiblin was hired to fill this vacancy. Mr. Kiblin has found it possible to perform many tasks that had to be performed by outside help in the past, thus helping greatly to maintain our building in a proper state of maintenance and care. It has been no longer necessary to let out summer cleaning work or arrange for special cleaning, waxing and painting work often necessary during the regular school year. All this work has been combined, thus making the monies available for a school custodian more attractive and actually gaining more services for our school than under the previous arrangement. Thus the increase in Item 11, Salary of Custodian, reflects an increase of \$250.00, however, \$200.00 of this increase was money that was reserved for summer cleaning and \$50.00 of this increase was reserved for help provided by assistants. Mr. Kiblin performs all of these duties and requires no assistants and therefore, we have collected these expenditures in this one item. It was felt by the School Board that this action be taken in order to make this position more attractive, financially and make it possible to hold a custodian.

FINANCE

The School Board's budget calls for a total expenditure of \$31,921.16. This is an increase of \$609.00 over the total amount approved by the State Tax Commission for the present school year. However, due to the fact that the balance estimated to be on hand this year is some \$1,300.00 less than that which actually appeared at the end of the last school year, the net assessment required to cover the School Board's Budget is \$1,365.00 more than that approved by the State Tax Commission for the current school year.

Major areas of increase within the budget lie in the following areas. Item 6, calls for an increase in Teachers' Salaries of \$325.00. Actually, the increase being made available to our teachers is more than this change might indicate, because of the

fact that the full amount that was budgeted for Teachers' Salaries for the current year was not expended and increases were based upon the actual salary which the teachers received rather than the budgeted amount. In Items 7 and 8, we have increases of \$100.00 and \$67.00. These two increases made in our budget are to provide funds for full utilization of monies being now made available to us through the National Defense Act. Under the National Defense Act, federal funds are being made available to all schools throughout the country for strengthening instruction in the areas of Math, Science, and Foreign Languages. This money must be matched by local funds and must be used for the purchase of equipment or material which would be above and beyond the regular purchases that would ordinarily be made by a school district. Francestown has had made available to it for expenditures before July 1960, \$111.36 of such funds, and also \$118.32 to be expended previous to July 1961. About \$110.00 additional will become available after July first of this present year, to be expended before July first of 1962. For this present year, the School Board has voted to purchase a portable laboratory bench with related supplies for the use of the Francestown School. In order to handle this money within a legal limit of the law, it is necessary that twice the expected amount of income from the Federal Government be included within the budget proper and the expected amount to be received included as income of the District in the "Receipt" section of the budget. Item J of the budget will indicate this income of \$110.00 which is anticipated to be received from the Federal Government. An increase in Item 10 of the budget amount of \$122.00 reflects (1) the need for a set of up-to-date encyclopedias for the use of our school and (2), an item within our budget to pay the cost of repair and maintenance of instructional materials used in our school. In Item 13, the bulk of the increase in this item has been made necessary because of the limited amount of money budgeted for lights in the past. The biggest decrease shows itself in Item 22 and is brought about by the fact that money was provided last year for the construction of the emergency fire exit previously noted. Other items of increase and decrease in the budget are comparatively minor and reflect that type of change.

In spite of the fact that the cost per pupil for instruction at the High School level at Peterborough increased from \$388. to \$400. for the year 1960-61, our budget increased only about \$100. because of the decreased numbers of pupils attending Peterborough. However, as changes in our enrollment take place over the next few years, we can anticipate a sizable increase in this item in our budget.

CONCLUSION

I wish to extend my appreciation to the Francestown School

Board, citizens of the community and the teachers for assistance given to help in providing the kind of education for the children of Franchestown that we all are desirous of making available.

KENNETH A. SARGENT
Superintendent of Schools

FIVE TOWN COOPERATIVE SCHOOL COMMITTEE REPORT

Your committee has further reviewed the cost factors relating to the Crotched Mountain Cooperative School for the five towns in the area participating in the study. At the present, your committee sees no changes in the over-all school population which would call for immediate action, since high school education for most of the towns is being adequately provided on the present basis.

A study of the school population of the entire area is being planned by your committee in conjunction with the school boards of Peterborough and Hillsboro. An attempt will be made to determine the feasibility of indefinite continuation of high school education on the present basis, or whether future building is necessary either by the individual districts or by the proposed cooperative school district.

Legislation providing more flexible distribution of costs was enacted, but this was not as liberal as proposed by your committee. It will be helpful, however, if the necessity for forming the proposed district should arise.

We therefore recommend that the districts authorize the continuance of this committee for further study and in order to take prompt action in the event conditions change from those now existing.

Respectfully submitted,
FIVE TOWN COOPERATIVE SCHOOL
COMMITTEE

INVOICE OF PROPERTY

as of April 1, 1959
